CODE REVIEW

Assignment: A2

Author of Code Review: Vineet Trivedi

Author of Code: Shabbir Hussain

Code:

1. Directory structure is not followed hence making it difficult to understand the overall flow. Suggestion: It would be nice to have some sort of flow explanation in the README.md in case of modified directory structure.

Report:

1. Add information about number of iterations.

Run:

1. I had to make the following changes to the Makefile:
    - Changed Hadoop home path.
    - Added target/classes directory.
2. Makefile still throwed the following error: "out/artifacts/shabbir_task_a2.jar (No such file or directory)".
3. Could not execute the program.
